COMPUTER ENGINEERING · İSTANBUL
KÜLTÜR ÜNİVERSİTESİ

Education

- Faculty of Computer Engineering, Istanbul Kültür University, Turkey Oct.2023 – Present
- Faculty of Mimar Sinan Andolu İmam Hatip School ,Turkish Section, Turkey. Sep. 2020 – Jul. 2023

Activities.

Eve Project Participant [Psychotopia Initiative](#) Aug. 2019 – Oct. 2019

- Attended a two-month program that aims to raise awareness about mental health in work environments and how to make the workplace more inclusive.

Admin FaceBook Group [ROZETTA Turkish Gallery](#) March 2021 – Present

- I served as an administrator in a group specializing in selling Turkish products, where I was responsible for marketing the group and its products. Additionally, I handled client inquiries, managed orders, coordinated shipment to Egypt, and calculated costs and revenues.

Core Team Member [Google Developer Student Club](#) Oct. 2023 – June 2024

- **Designing Team:** Created Instagram post designs using Canva, enhancing the club's social media presence.
- **Organization Team:** Organized approximately 20 events, both online and face-to-face, including member engagement activities and collaborative events with the college.
- **HR Team:** Managed the database for the entire team, ensuring accurate and up-to-date records.

Participant, Women In Business'24 Sustainable Leadership [PythianGo](#) Feb.2024

- Actively participated in the "Women In Business'24" event, focusing on sustainable leadership and networking opportunities.

Organization Team Member [HR Forum \(3rd Edition\)](#) July 2024

- Managed the registration process for attendees
- Welcomed and guided guests to the event
- Organized the hall layout and ensured smooth execution of workshops

Member, [IEEE Club](#) – İstanbul Kültür University Sep.2024-May 2025

- Worked on a Swarm UAV (Sürü İHA) project as part of the Mechanical Team.
- Designed **two drone frames using Fusion 360**, focusing on aerodynamic efficiency and structural integrity.
- Collaborated with multidisciplinary team members to integrate mechanical designs with electronic systems.

Intern at [TNC Group Companies](#) – Türkiye Jan.– Feb 2026

- Completed hands-on training in **Excel, AutoCAD, Python, and Blender**.
- Applied data analysis techniques and created technical drawings
- Developed basic programming and 3D modeling skills
- Worked on practical assignments under professional supervision

Artificial Intelligence Intern – [CodeAlpha](#) May – June 2026

- Designed and implemented an **FAQ Chatbot using NLP** techniques and cosine similarity
- Developed an **Object Detection and Tracking system** using YOLO and OpenCV
- Processed and analyzed text data to improve chatbot response accuracy
- Applied real-time computer vision techniques for object detection in video streams
- Gained hands-on experience in Python, Machine Learning, NLP, and Computer Vision
